

KENTUCKY BLUEGRASS

Performance of Kentucky bluegrass cultivars in a high maintenance turf trial seeded in September 2021 at Adelphia NJ.

Arc II is an advancement in the Trinity lineup, providing a balance between seed yield and turf quality. **Arc II** offers quick establishment and improved stem rust resistance. It boasts excellent seedling vigor and a medium blade width, making it a perfect choice for managers who seek a high-performing variety of Kentucky bluegrass.

Arc II blends seamlessly with other Kentucky bluegrass varieties, as well as with perennial ryegrass, fine fescue, and tall fescue. If you're looking for cutting-edge technology in Kentucky bluegrass, look no further than **Arc II**!

FACTS:

- Improved Rust, Drechslera and Anthracnose resistance
