

KENTUCKY BLUEGRASS

Corsair II is a new improvement in Kentucky Bluegrass development from Columbia River Seed and Novel Ag. **Corsair II** offers improved disease resistance and great turf quality. This variety offers fast germination and quick establishment. **Corsair II** has improved resistance to stem rust.

A rugged and robust variety that is ideal for your blending program. **Corsair II** blends seamlessly with other Kentucky bluegrass varieties, as well as with perennial ryegrass, fine fescue, and tall fescue. If you're looking for cutting-edge technology in Kentucky bluegrass, look no further than **Corsair II**!
