

THUNDERSTRUCK

TURF TYPE TALL FESCUE

THUNDERSTRUCK is an improved new turf type tall fescue. This variety has some great turf attributes like excellent tolerance to drought conditions, great density, dark green genetic color and superior disease resistance. **THUNDERSTRUCK** provides great density throughout the growing season due to its tillering ability which also helps repair damaged areas in the turf.

THUNDERSTRUCK was rated #1 in Net Blotch resistance, which causes small brown spots on the grass leaves. **THUNDERSTRUCK** was also top rated for drought tolerance and genetic color.

When looking for the best in turf type tall fescue choose **THUNDERSTRUCK** for your application use on residential lawns, parks, sod production, sports fields, golf course roughs and commercial properties. This variety mixes well with other turf type tall fescues, Kentucky bluegrass, perennial ryegrass and fine fescues.
